

Créon / Sauveterre-de-Guyenne

Canal des 2 Mers by bike - Atlantic / Mediterranean sea

The route continues along the former railway line, recalled by converted stations and railway-crossing houses. A detour to La Sauve is well worth it to admire the historic Abbey of La Sauve-Majeure. Enter Sauveterre-de-Guyenne via one of its splendid old gateways to make for the arcaded central square, at the heart of the bastide fortified town created in 1281.

The route

The route along the Roger Lapébie cycle track is very well laid out and safe, and doesn't present any difficulties.

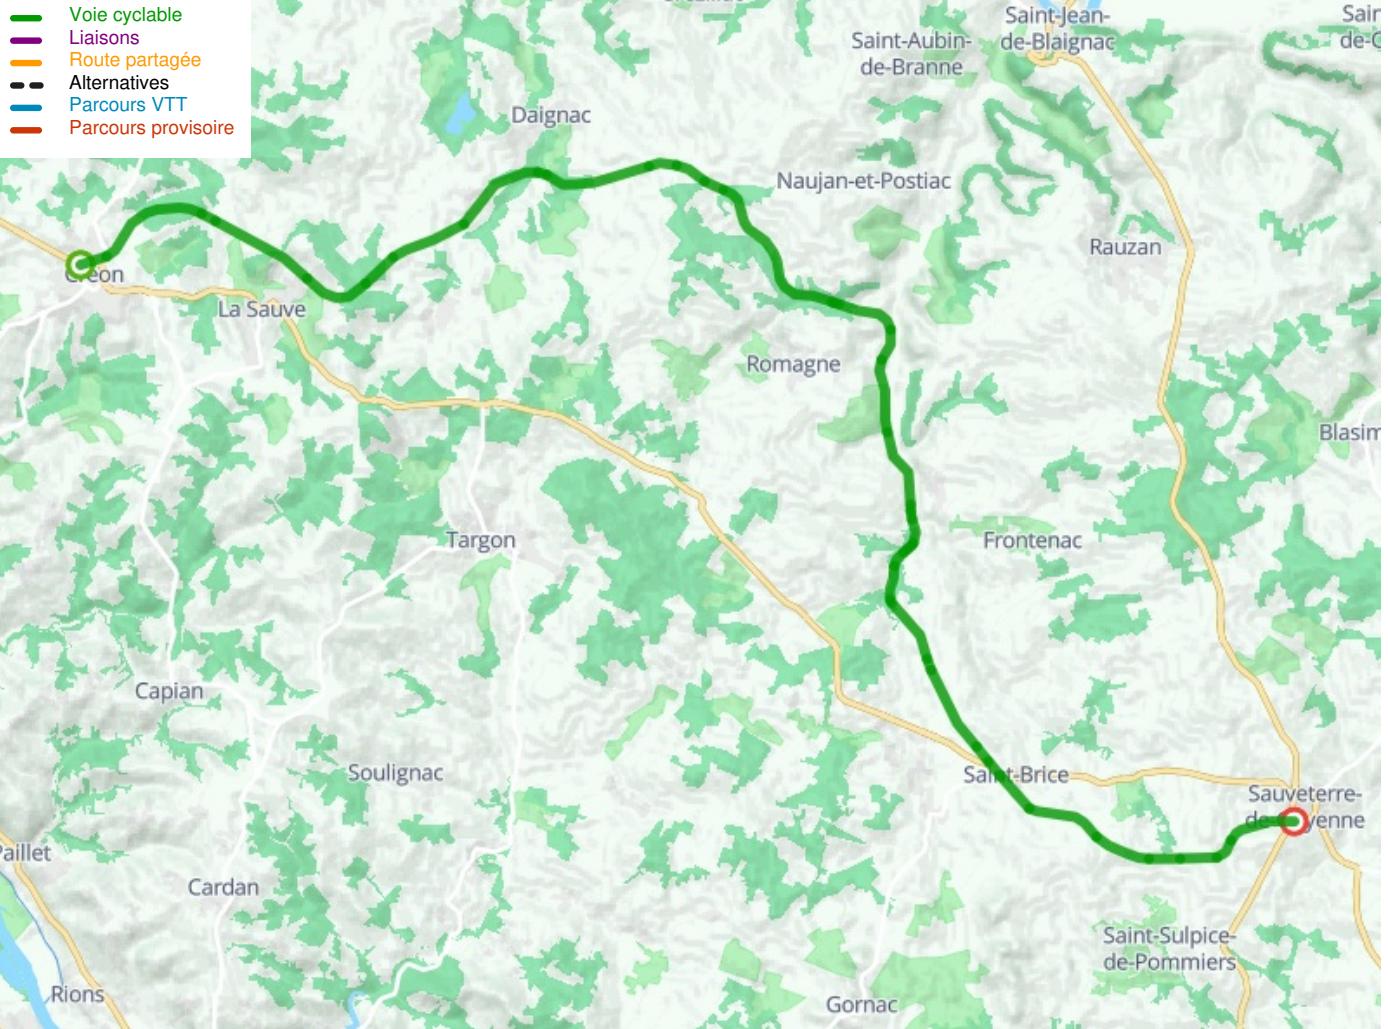

SNCF train stations

Note that there are no railway stations close to this stage.
