

Vitrezay / Blaye

Canal des 2 Mers by bike - Atlantic / Mediterranean sea

Reaching the port of Vitrezay, you leave the département (French county) of Charente-Maritime, continuing on the Canal des 2 Mers à Vélo cycle route into the département of Gironde. Bypassing the electricity-producing nuclear power station of the Blayais, a beautiful greenway leads to Blaye and its citadel designed by the great 17th-century engineer Vauban. The citadel and other forts along the Gironde remind you of warring times. A small ferry crosses the estuary from Blaye to Lamarque.

The route

From Vitrezay, the route is not signposted up to Etauliers, but there you join a greenway to Blaye.
