

Decize / Nevers

Entre Rhin et Loire à vélo / EuroVelo 6

Never say “never Nevers”! But don’t forget to branch off along the Canal d’Embranchement rather than getting carried away and continuing on to the Loire à Vélo by EuroVelo 6! From Decize’s Port de Jonction to that at Nevers, you just need to stick closely to the Canal Latéral à la Loire and the Canal d’Embranchement, then enjoying a splendid arrival in the ducal town of Nevers via its bridge over the Loire. Along the way, tuck into a hearty meal in the irresistible setting of Fleury-sur-Loire’s guinguette (an outdoor riverside restaurant). After Nevers, cyclists lucky enough to have the time and determination can continue on their cycling route towards the Atlantic... as part of another cycle route adventure!

The Route

Except for riding in and out of the towns on this stage, plus the change of riverbank at Jaugenay, this stage is along trails fully separated from motorized traffic. However, take care at the level of Chevenon, where the surfacing has been made bumpy by roots.
