Nature & small heritage

On this EuroVelo 6 stage between Deluz and Besançon, the splendid natural setting is regularly marked by the remnants of industrial activity and by forts perched on high. The Doubs River meanders along to Besançon, where it forms a perfect loop around the beautiful historic city. This stage comes highly recommended and is accessible to all.

Route

Greenway from Deluz to Besançon, except for a portion by road at Chalèze. At Besançon, it is possible to ride alongside the underground canal passing far below the citadel; or reach the city centre via the Rivotte Gate. You can even cycle directly to the tourist office or the station via the track following the Doubs.
