

Brix / Bricquebec

La Vélo maritime - EuroVelo 4

Leaving behind the pleasant town of Brix, the going is easy along quiet lanes past farms and villages: watch out for the high banks separating the fields, meadows and orchards - so typical of this part of lower Normandy. Soon Bricquebec is in view: a chance to stop for refreshments close to the ancient castle.

Itinerary

On leaving the market town of Brix, as you head towards Bricquebec, the route stays on quiet rural roads - hilly in parts but nonetheless 'doable'. This is almost the final section of road before the greenways of Cotentin that take you towards Mont St. Michel.
