

# Honfleur / Le Havre

La Vélomaritime / EuroVelo 4

---

At time of writing, this stretch has not yet been laid out for cyclists, so it isn't possible to propose a safe or satisfactory route for cyclists along this stretch for the time being. However, the councils involved along the way are working to create a suitable path for cyclists to follow through these parts in the course of 2021. Consult the suggested alternative below

In order to cross the great Pont de Normandie bridge safely, we suggest you take a bus (consult timetables for bus line 39 Le Havre > Honfleur and Honfleur > Le Havre) and make use of the company Les Trouvillaises to have your bike(s) and baggage transferred - count €80 for 2 bikes (add €25 for each extra bike on top).
