This stage of the Burgundy Canal by Bike is on a greenway laid out along the towpath. After Ravières, the valley route is quite wild, set between wooded banks. Don't miss the Grande Forge, one of the finest vestiges of France's industrial past, at Buffon, where Armançon and Brenne Rivers merge. Go via the Brenne to see the interesting town of Montbard.

### Route details

Once you reach Cry-sur-Armançon south of Ancy-le-Franc, the greenway is unbroken up to Montbard.
